Look for these signs of great gardens & friendly people.

Symphony Circle & Kleinhans Community

Frederick Law Olmsted's 1874 "Circle," now dramatically restored, is the gateway to a wonderfully integrated social, racial, economic and cultural community. With Saarinen's Kleinhans Music Hall as its backdrop, this area's historic Victorian-era architecture sets off an eclectic mix of city gardens.

The Cottage District

Summer Street & Union Place A close-knit neighborhood best known for its quaint 1850s-1900s brick cottages and Victorian homes and their exquisite gardens.

Historic West Village

Both historic Victorian and contemporary Victorian-style homes with old-fashioned country and perennial cottage gardens. Prime examples of innovative gardening in small spaces. City Hall's Art Deco dome lights up the night.

Allentown

Listed on the National Register of Historic Places, Allentown is the largest and oldest of Buffalo's historic preservation districts. Architectural styles include Italianate, Queen Anne, Second Empire, Workman's Cottage, and many more. A quaint urban village mixing quiet residential streets with a bustling business district of great shops, restaurants, and nightspots.

Erie Basin Marina University Trial Gardens This exciting test garden features the 2008 new introductions for specialty annuals from Proven Winners, Ball Seed, Flower Fields, and other companies. Gardeners here report how these cultivars have performed in the WNY climate. Come see the best of the new plants. Located just off Elmwood at the Erie Basin Marina, Erie Street, on the waterfront.

Look good while you garden *and* walk.

Elmwood Village

A fresh name for a historic district of the city which is the site of Mansion Row, century-old restored Victorians, charming cottages, splendid apartment buildings, landmark churches, synagogues and chapels, institutes, community centers and an unparalleled array of social services. Its "spine" is the renowned Elmwood Strip, Buffalo's premier urban shopping district lined with international restaurants, quaint boutiques, a legitimate theater, library, small businesses, diverse bars, bakeries, and a new wave of coffee shops. Feel free to wander, for you will find something unique around every corner.

Japanese Garden of Buffalo at the Buffalo and Erie County

Historical Society Docents will on hand during Garden Walk to answer questions and show off this gentle horticultural gesture of friendship between Buffalo and its sister city of Kanazawa, Japan. This Olmsted park-sited garden features stone lanterns, small islands, grasses, red maples, and cherries. Visit BuffaloJapaneseGarden.org. Located just behind the Historical Society at Elmwood & Nottingham on Hoyt Lake.
